High throughput decapping and recapping of tube racks.

The IntelliXcap™ Automated Septum Cap Decapper/Recapper

from **Azenta Life Sciences** is a precision tube decapping / recapping instrument for use within high-throughput environments such as in biobanking, compound libraries, and other storage applications

Offering advanced automation

to increase your throughput the IntelliXcap™ provides secure sealing – eliminating the need for manual intervention, while preserving vital sample integrity.

Operating at high speed

to increase your productivity, this whole rack tube decapper and capper instrument automatically removes, recaps, or disposes of septum caps from a full 96-format SBS rack of sample storage tubes as well as offering provision for capping of Azenta tubes from a cap mat.

Fully compatible

with multiple sample storage tube types from all manufacturers of SBS format tubes, the versatile instrument can be used as a standalone unit or part of a fully automated robotic system.

AZENTA
LIFE SCIENCES

With no compressed air required the IntelliXcap™

is quick to install. Operated via an intuitive touch panel the instrument is truly easy-to-use. Designed to provide long term reliability over a wide operating temperature range of 15°C to 35°C - the IntelliXcap™ is a valuable addition to any high throughput sample storage lab.

Azenta, Inc.

is a leading provider of life sciences solutions worldwide, enabling impactful breakthroughs and therapies to market faster. Azenta provides a full suite of reliable cold-chain sample management solutions and multiomics services across areas such as drug development, clinical research and advanced cell therapies for the industry's top pharmaceutical, biotech, academic and healthcare institutions globally. Our global team delivers and supports these products and services through our industry-leading brands, including GENEWIZ, FluidX, Ziath, 4titude, Limfinity, Freezer Pro, Barkey, and B Medical Systems.

Azenta is headquartered in Burlington, MA, with operations in North America, Europe, and Asia. For more information, please visit www.azenta.com.
